Vision of Practical Technology

Motif Technology Public Company Limited
Practical Technology for Enterprise Business

Motif Technology is a leader and one of the fastest growing software solution providers in Thailand. We provide our services in business process automation & integration, business intelligence & knowledge management to large enterprise customers in Thailand and oversea. Our solutions base on modern and practical technologies such as web-based application, service oriented architecture, mobile computing, etc. The main reason that allows Motif to keep-up with these constantly changed Internet technologies is its staffs. All of our team members are young, energetic, and highly motivated people.

We are looking for additional staffs to help us grow and keep-up with business challenge and new technologies.

For Cooperative Education

Software Engineer

- Male/Female, Age not over 25 years old.
- Bachelor's Degree or higher in Computer Science, Computer Engineering, IT or related fields.
- Knowledge and skills in Java platforms (Java, JSP, Servlet, Java Script, ASP.NET, C#.NET)
- Able to work hard, team work, and keen to learn.
- Positive attitude towards teamwork and good responsibilities.

If you are an energetic person and want to join software development paradise workplace with highly motivated environment, don't hesitate to contact us promptly.
