IBMSD IT Trainee Academy Program – 2018 (For New Graduate) IBM Solutions Delivery Co., Ltd

Start working for a leader. Your Future Made With IBM

Learn more and apply today!

We are currently looking for talented university students at the undergraduate level in IT/computer related fields to join our IBMSD IT Trainee Academy Program in commencing Year 2018. Our Graduate Program is one of the best IT Career Opportunities offering young talented graduates exceptional training program, career development initiatives, flexibility at work, and dynamic, team environment.

The program is designed to develop the skills and knowledge you need to accelerate your career at IBM. You will have the opportunity to work alongside other talented professionals, both new and experienced, on client projects that will draw on and build your expertise. You will learn how IBM works, how to maximize your contribution to the company, how to successfully navigate within IBM and connect with your colleagues. We are committed to your continued career growth and achievement.

Employment Start: January 2018 or June 2018

Minimum Criteria

To be eligible for IBMSD IT Academy Program, you must meet all the below criteria:

- Thai nationality
- Current 4th year undergraduates in Computer Science, Computer Engineering, or Information Technology or have at least 2 years of working experiences
- Be analytical and logical-thinking
- Be enthusiastic and highly responsible
- Demonstrated teaming and leadership skills
- Ability to learn quickly and adapt to new environments
- Good command of spoken and written English
