## SALES TRAINEE PROGRAM 2017

Our Sales team plays the most important role in driving our business. This is the reason why we want to coach and groom our Sales people since their very beginning stage. Joining this program, you will gain a hands-on field sales experience, and will be given the opportunity to deal with our main group of customers.

We offer a 24-month sales development program for talents with passion in sales. You will have chances to join intensive commercial training, sharpen your functional and leadership competencies, and develop your sales career. The program will enable you to learn about the world of Fast Moving Consumer Goods (FMCG) and expose you to Modern & Traditional trade sales experience.

### Qualification

- Bachelor's degree in Business Administration
- 0-2 years working experience
- Have a driving license

Application period : Now - May 2017
